## Our Theme:

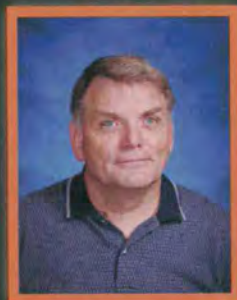

Our cover says it all, we GLOW! Somehow people know about us! As a school we have built a reputation. Did you know that when Mr. Eastman told his former students he was coming to Proctor to teach English that his students had HEARD of Proctor because of our success in basketball? That school is hours away and in a different division! And do you know why we are never at the beginning of the Halloween parade? Mr. Audet said they put us in the back because they need a solid performance to keep the audience captivated until the end. Know what the bus drivers say about our school? Bus drivers and others that bump into us on field trips often comment on how well behaved and polite we are. Even visitors to our building say how friendly we are. If you think about it, you could probably come up with more things that make us stand out. Read on to find out more...

# THE CLASS OF 2012 DEDICATES THIS YEAR'S PROCTORIAN TO

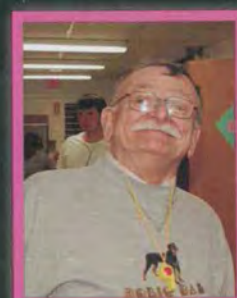

Mr. Brown

Mr. Bloodworth

Mrs. Burke

Mr. Campbell

# THE DINOSAURS!

WE CHOSE TO CALL THEM "THE DINOSAURS" NOT BECAUSE OF THEIR AGE, BUT BECAUSE OF HOW LONG THEY HAVE BEEN HERE AT PHS! THE FUNNY THING IS, SOME OF THEM EVEN CALL THEMSELVES THAT. MR. BLOODWORTH, MRS. BURKE, MR. BROWN, AND MR. CAMPBELL HAVE BEEN HERE FOR SEVERAL YEARS TEACHING (AND SUBSTITUTING). THEY'VE HELPED HUNDREDS OF STUDENTS THROUGHOUT THE YEARS AND THEY HAVE LEFT US ALL WITH A LITTLE SOMETHING TO REMEMBER THEM BY.

## MR. BROWN- 34 YEARS

We looked forward to the day that we would be in Mr. Brown's class. To our surprise, it didn't take long to get adjusted to the common "um" that would appear multiple times throughout each one of his sentences. No matter what Mr. Brown was teaching, he always did it in a positive optimistic way. If we needed help Mr. Brown was more than willing to give it to us. He encouraged us to strive to be the best we could be. He believed we could change the world if we had the hard work, drive and passion to do so. Being in Mr. Brown's class we learned more than was expected. And even though Mr. Brown has retired, we can still hear his laughs throughout the halls.

## MR. BLOODWORTH- 31 YEARS

Lights. Camera. Action! Mr. Bloodworth is the cameraman of PHS and an amazing teacher. He has a great sense of humor and personality, and is fun to be around. Mr. Bloodworth is always willing to help out as much as he can, and he is a very dedicated man; most days he is here early in the mornings, and he doesn't leave until late at night. Mr. Bloodworth has a way with students and teaching; he will help students until they have the right solution or answer. Even if students don't do well in class, he still makes everyone feel smart. We've heard rumors of you retiring, but we know that you won't be able to stay away, and we're hoping you'll still be our cameraman for years to come.

## MRS. BURKE- 32 YEARS AND COUNTING

Mrs. Burke a.k.a. "Frau" has taught English and German at PHS since before we were born. Though she takes her teaching seriously, she knows how to make learning fun. One of our favorite memories from 9th grade English happened on Chinese New Year. Frau taught us how to write our names and the numbers 1-10 using Chinese symbols. We also tried to use chopsticks with M&Ms and cheerios; by the end of class we were all laughing. She's also really fun to joke around with both in and outside of her classroom. You can chat with her about anything from the beach to politics, from TV shows to school happenings. Thanks Frau for making our high school years fun.

## MR. CAMPBELL- 12 YEARS AND COUNTING

"Who are you subbing for Mr. Campbell?!" are the words that greet him every time Mr. Campbell walks through the doors of PHS. And if he's not subbing for one of your classes you'll hear an unhappy sigh. (Except if you are in middle school, then you'll hear a sigh of relief!!) Mr. Campbell is a world of knowledge and he really knows his way around the history books, which isn't surprising once you discover that he's a retired history teacher. He seems to know something about everything and you never know what extra things you'll learn when he's subbing for your class. Mr. Campbell has been here for what seems like forever, so he feels more like one of us than a visitor. Who doesn't love Mr. Campbell???? Oh yeh- the middle school, but once they hit high school they'll love him!! Mr. Campbell, thanks for spending your retirement with us.

The day when NECAP5 started and all the seniors were going to breakfast, I got sick. That didn't stop me, thinking to myself it could be an upset stomach that was common. My brothers and I went into the car and went to school. I stayed about 12 minutes noticing that I wasn't going to make it. So I asked the nurse if I could go home and she said "yep." I went home and got sick again, shut my phone off and went to bed. I woke up and turned on my phone. I noticed that I got 7 text messages from a bunch of people trying to look for me. They even went to my father's house with a bus.

# Exchange Student CARLOS PADILLA

Carlos came to Proctor from Venezuela through a Rotary exchange program. He is here for the entire school year and is living with the Petrinis. In addition to attending PHS, Carlos interacts with other exchange students every month. As a group they have

- \*camped in NH
- \*gone skiing, snowboarding, and ice skating
- \*visited Boston and NYC

Carlos also sees local exchange students from Poultney, Otter Valley and Black River at soccer and basketball games.

Being away from home for a whole year can be tough at times. What Carlos misses most is his family, all the food, his friends and parties. He has noticed differences between Venezuela and Proctor; school for one. In Venezuela you take nine to twelve subjects and you have different subjects every day. Your classes are 90 minutes long. We eat different food. He's discovered peanut butter, turkey, and couscous. We celebrate our holidays differently. Before this year Carlos had never cut down a Christmas tree, carved a Halloween pumpkin, colored Easter eggs, or had an Easter Egg Hunt. And we act and relate to one another differently. Carlos says that it's hard to explain but Latinos relate to each other differently than Americans do.

When he heads back home, Carlos says that he'll miss the people he's met, all of the different personalities, the different culture, all the other exchange students, the food, the Petrinis, and all of the trips he has taken.

Some favorite memories of Carlos's time in America are going on trips with the other exchange students to Boston, Manchester, and New Hampshire, going to New Jersey with the Petrinis for Thanksgiving, and going ice-skating.

# Do You GLOW??

Got something you are good at, something you excel in? Interested in something worthwhile? Are you passionate about something so much that you seem to glow when you talk about it? Maybe one of the best things about our school is the people!! Here's just a little of what's going on with some of our Phantoms. They are involved in some amazing stuff both in and outside of school and even if they don't talk about it, we know... why?? Because they glow...

## MIKAYLA McCORMACK & RICKY CARROLL

### "Soccer Hot Shots"

95 Goals: Highest Scorer in Women's PHS Soccer to date.

- Played for Rutland Rec in elementary school.
- Jr. Year-Played ODP U17 and Summit U17 traveling all over the Northeast including a National's Tournament in New Jersey.
- Sr. Year- Elected Member of VT Lion's Cup & All State Teams. Voted All MVL Class C.
- Started playing soccer when she was in preschool for Proctor Youth Soccer.
- She can still remember scoring her very first goal ever, you should ask her about it!
- Played RCSC's U12, U15, and U16 leagues, the VT Olympic Development Program U17, and VT Elite U16 team.
- Selected for the Twin State team.
- Female Athlete of the Month, elected by the Vermont Sportswriters and Sportscasters Association.
- Has spent hours and hours outside of scheduled practices developing her soccer skills.

"Winning the championship was A.M.A.Z.I.N.G! It's been my goal ever since I saw the Phantoms play in 2003. I've always set personal goals for myself and I work hard to achieve them but team goals are just as important to me. I love being on a team that at any moment anyone can step up and help to win a game. It doesn't always come down to one person, and because we all have skills we push each other to achieve more."

-Mikayla

62 Goals: 2nd Highest Scorer in Men's PHS Soccer to date.

- Lots of hours on the field and in the gym definitely improve my game physically and tactically. Winning the championship with my team was my best high school memory after years of coming up short. Hitting my 50th goal was a close 2nd."

-Ricky

## CAITY HUGHES

### "Equestrian Extrordinaire"

- President of her 4-H Club
- Started riding in 3rd grade
- Has been showing horses since 5th Grade
- 8-10 hours a week
- Competes 12 or so weekends during the regular show season and shows at the Rutland, Addison, and Big E Fairs
- Member of the Intercollegiate Equestrian Association where she competes against other high schools
- Is she successful? We'd say so!! She's earned more ribbons than her bedroom wall can display and she plans to attend Nationals in June for the 2nd time.

"It's pretty cool to control a 1200-pound animal. When you accomplish something with a horse it shows something more, you've worked hard yourself and you've trained the horse to achieve too. Hard work pays off. The more time you put in to it the better the result and it feels good to be successful. For those who say horseback riding is easy, I say Let's see YOU make it over a 2-foot jump on the back of a horse!"

## JACOB PETRINI

### "Paying it Forward"

• Gift of Life Marathon @ the Paramount for 2 years. In addition to volunteering at the event, this year Jacob helped to market the Blood Drive to the Proctor community. Signs and posters around town? Well, that was Jacob. Facebook invite? Jacob again!

• PHS Blood drive. NHS hosted a blood drive for the community in the spring of 2011. It was a fantastic success and they plan to host another one this spring.

• 2 long term foster brother mentoring relationships

"Community service is one of those things that everyone should do. With it you can really make a difference even if it's only helping one kid at a time. It makes you look beyond yourself; you appreciate what you have and you learn to get along with people who can be different from you."

## CHRIS THOMAS

### "Musical Marvel"

- His love for music started in 7th grade with Audet. The software really got his attention.
- Started with the trumpet and it went on from there. He plays bass and acoustic guitars, sings, and plays keyboard!
- He has written enough of his own music that he could produce a CD!
- Performed his own music at the Variety Show and with the Rock Band.
- Looking for Chris after school? You'll probably find him composing in the music room.
- Considering Music Composition as a future career.

"I like feeling the accomplishment of creating the music, choosing the instrumentation and the cords. Being able to express myself in the lyrics is pretty cool too."

"I'm pretty good under pressure and I like being a part of the action. I don't mind helping people out when they need it."

-Greg

GRADE 10

So we all know we go to a small school, and it feels so small at times that we kinda think we know everything about everyone. You might know who's dating who (or who's NOT dating who any more)

**MARIA CAYIA:** Maria is making a difference at Rutland Regional Hospital. She has volunteered over 200 hours since 8th grade.

**CARLOS PADILLA:** Just like the varsity boys here, Carlos helped his team win his soccer championship back in Venezuela.

**NICHOLAS HOLZWORTH:** I bet you a lot of people didn't know that Nich has been hunting for more than 4 years.

**OLIVIA CIPRIANI:** Thirteen years is a long time to be dedicated to something. Olivia would be one to know, that's how long she has been taking dance!

**HANNAH ASHBY:** Hannah has more than just skill on the soccer field. This was proven when she won the sportsmanship award at Barstow.

**LEAH LOCASCIO:** I think we all found out why Leah wants to be a contestant on American Idol when we heard her sing during karaoke at Winter Carnival. In addition to 2 Proctor Variety Shows, Leah has performed in 2 Rutland Talent Shows.

**CHLOE JOHNSON:** Chloe has got the moves, her dancing career started at the age of three after just learning how to walk.

**TAYLOR TROMBLEY:** Soccer and basketball aren't Taylor's sport but softball sure is! Taylor made MVL first team as a junior and has been pitching her heart out for 6 years.

**STEPHANNIE BABCOCK:** No one loves animals as much as Stephannie does. She has dedicated four years, ten hours a week, to the Rutland Humane society and has even started her own pet sitting business called Stephannie's Pet Sitting. Know someone that needs their pet taken care of? Call Stephannie!

**CLAIRE WETMORE:** Claire is a true star when it comes to riding horses. She has won multiple ribbons while riding horses for more than 5 years.

**HAILEY WOOD:** At the age of 3, most children have mastered walking and balance. Hailey isn't like most children, she's been balancing the slopes skiing and repelling off rock ledges since the age of three!!

**KENDRA PIONTEK:** Kendra is definitely into kids. In addition to baby sitting she has volunteered over 82 hours working with children in the tapestry program.

**KAYLA EUGAIR:** Kayla is trying is living the 4-H vision every day. "A world in which youth and adults learn, grow and work together as catalysts for positive change."

**MORGAN HOWARD:** Morgan didn't let the lack of a choral program at PHS stop her. She has worked hard taking singing lessons after school. Her hard work was rewarded when she was accepted to The All New England Music Festival Chorus this year.

**ALYSSA VALERIO:** We have a Phantom star on our hands. Alyssa has starred in seven Proctor Variety Shows and sings vocals in our Rock Band this year.

# SPORTS

**MJ DENIS:** I know I wouldn't want to mess with this wrestler, and I don't think anyone will now that he came in third in the state for his weight class while wrestling through Otter Valley.

**CODY DENKO:** Cody is thinking about music twenty-four seven. He has written over 290 songs since October, 2010.

**KYLIE MALONE-SHERWOOD:** This has been one busy year for Kylie! In only one year she has volunteered over 150 hours at the Rutland Regional Hospital.

**JENNICA MARTIN:** Just playing an instrument in school isn't enough for Jennica. In addition to her four years of clarinet, she has also taken up the violin this year.

some of us are up to. It's pretty cool. Each of us individually effects our image of all of us together...

especially when it becomes facebook official, but do you know what Proctor students value enough to choose to devote a

whole bunch of time for? What they excel at and what makes them GLOW!!! Some of what we discovered might surprise you and some might not be too hard to guess. Take a look at what

# Irene Devastates Vermont

On August 28, 2011, tropical storm Irene hit Vermont. Many roads were closed immediately due to the flooding from very heavy rain. People were trapped in various parts of town, some even ended up having lakeside property when they woke up the next morning. It took almost a day before some Proctor residents could get access to anything because both Route 3 and the West Proctor Road closed due to flooding. Many basements filled up with water and the Fire Department was kind enough to come to the rescue. They spent days pumping water from basements. Proctor was not the only town affected. Vermont was affected statewide causing nearly 570 million dollars in damage. This was the worst disaster Vermont has seen since the flood of 1927.

not always show. So how well do we REALLY know someone? Here's a little glimpse into the lives of some of us...

**DERMOT HUGHES:** We all know Dermot loves soccer and that he's been a huge contributor to Proctor's soccer team, but did you know he's also been playing for SYNERGY, a premiere soccer development team, for more than five years?

**SARAH SALATINO AND EMILY TABOR:** These girls have been dedicated to dance for most of their lives. They started dancing when they were four, and they haven't stopped since!

**CHARISSA LAPLANT:** Charissa is one busy girl, having a job and volunteering at the hospital. She has volunteered at Rutland Regional Medical Center for over hundred hours since August 2010.

**ABIGAIL MCKEARIN:** Did you know that this little superstar has gotten multiple awards in basketball? Abby stands out on her AAU team the Parrotheads, since she started in 7th grade.

**HUNTER GALLIPO:** Better watch out! Hunter knows how to use a gun, but he only uses it for hunting of course! He has been hunting for three years already.

**HALEY CORLISS:** Most people go to the fair to eat food and ride the rides. Haley goes for so much more. She has won multiple ribbons showing her sheep at the fair this past fall, and has been showing her sheep there for years.

**MAXINE TILDEN:** There is nothing but smooth, sweet music coming from this girl. She has played the flute since third grade and she was accepted into The District Music Festival in sixth grade.

**ASHLEY PERRY:** From tying her dance shoes to tying her black belt, Ashley is ready for anything. She has been practicing karate and dance for eight years.

**KEITH PIONTEK:** Keith has been dedicated to the saxophone since seventh grade. In addition to mastering the tenor and baritone saxophones, he's also been playing the drums for two years.

**COLLEEN KNOWLES:** We might be seeing a novel from this girl in the near future! A piece of her writing was read at Winter Tales, a Vermont Stage Company production in Burlington. She's had her writing published through the Young Writers Project and was a recipient of the St. Michael's College Book Award.

**KATIE DAYTON:** Katie knows the true meaning of girl power! Some people might think rugby is a sport for boys but she has proven them wrong playing rugby through Rutland Recreation.

**PETER CARRARA:** Peter has been involved in 4-H for five years, applying the 4-H mission to the way he lives. "4-H empowers youth to reach their full potential, working and learning in partnership with caring adults."

**CARISSA ELRICK:** It's an understatement to say that Carissa loves basketball. After winning the Championship game at Barre Auditorium, she was shooting hoops the next day at the high school, and pretty much every day since!

## ADS & MESSAGES

**OLIVIA VALERIO:** Everyone knows Olivia loves to talk. What everyone doesn't know is she used that voice to get into Districts in sixth grade.

**MATT SCARZELLO:** Matt has been involved in band since seventh grade. Not only did he learn to play the tuba and the guitar but he has started on the drums this year. He doesn't always need a teacher to learn, he actually taught himself how to play the piano!

**MOLLY TURCO:** This girl is fast! She has been speed-skating for two years. When she's on the ice, nobody can catch her!

**ERIN FLANDERS:** Dedication could be Erin's middle name having committed four years to the clarinet and six years to horses.

and whether they do their homework or not... you might even know what they eat for lunch. But do you know what makes them GLOW?? What they are passionate about? What they spend their time doing and are excited about? Many of us have different sides to us and who we are outside of school may

Kendra,

Growing up with you has been an  
adventure. We've faced fearsome  
problems together.

When I've made a fool out of  
myself, you always knew how to keep me  
in line and lay down the law.

We've created a bond, a chain that cannot  
be broken, even as you step outside the  
world you once knew. As I keep searching  
for direction in my life, I see how far you  
have come. You've found your direction  
and have accomplished the goals that you have set your mind to.  
If you can do it, I can do it!

You and me, we are like peas in  
a pod. Remember the fun we had  
trying to mimic mom's wondrous  
brownies? We made fools of our-  
selves once again; we definitely  
know how to make the best out  
of situations. I love you "Badger",  
and no matter what, I will hold you  
dearly in my heart.

Love,

Jacob,

Being our son automatically gives you our unconditional love and support,

your graduation and look forward to the next  
chapter in your life. We know you're going to love

We love you so much.

Love,  
Grandma and Grandpa

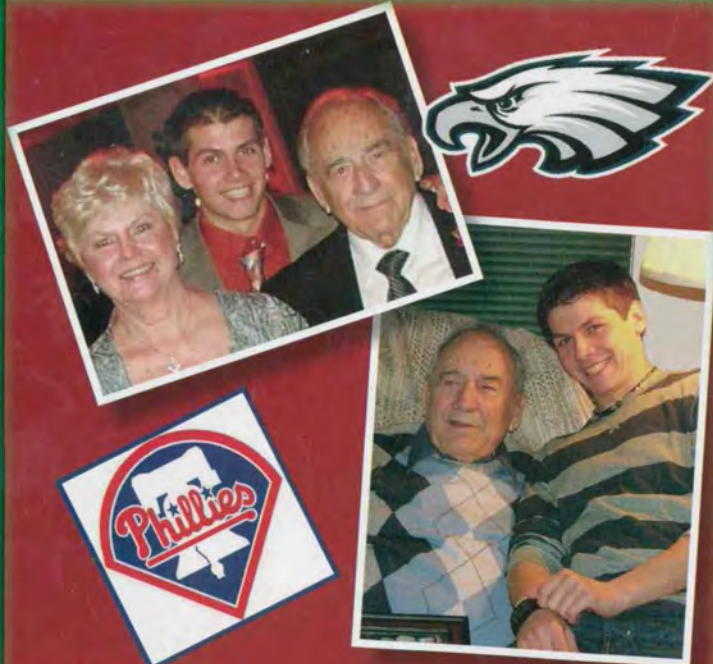

Justin,

We are very proud of the young man you have become. You have shown what can be achieved with hard work, determination, dedication & faith. You have integrity, you are a true friend. Your will to never give up made it possible for you to return to the athletic field by beating unbearable odds and you gained the respect & admiration of many. To top all that hard work off, your dream came true, 2011 Soccer State Champions!! The future is yours, enjoy every moment of it. Know that we are always here for you & are honored to call you our son.

With love always,  
Mom & Dad

**Congratulations  
Jacob!**

We wish you much success...

# YEARBOOK

the making of our 2012 book

Those of us who made it until the bitter end...

Back Row: Mikayla Tanner, Alex Vida, Kendra Piontek, Justin Carter, Greg Elrick.  
Front Row: Kristen Guyette, Andrew Goodhue, and Mrs. Brooks.

Thursday work days after school in April and May w/ Kendra, Mikayla, Brielle, Jacob and a few others from time to time: Yearbook AND slideshow combined; sometimes it was hard to see where yearbook ended and the slideshow began! We got so much done on those Thursdays!! Thanks for putting in the extra time, it really made a difference. There's nothing like pizza (poor Kendra) good music (thank you Jordan) and alumni (Keagan) to help inspire us as we work!

Franklin's: Thank you Kendra for finally taking on the task and for not giving up! I'm sure Greg and Justin thank you too! And what a surprise ending! 3 visits and still no luck with Franklin's but TW Grace saved the day!!

Jacob we know you don't CARE about the THEME but we still can't TELL you...

Kendra while on the phone to Rutland Pharmacy: "Miss Brooks, do I require personal assistance?????" Mrs. Brooks: "YES Kendra, you DO!!"

Ricky- thanks for never complaining about being our bouncer. Never knew how frustrating a knock on the door could be until you weren't here to answer it!!

Marcell's Oil: Never knew it would be so difficult to get someone to go back for a SECOND visit! Thanks Alex for finally making it happen.. Greg, David, & Courtney thank you too.

♪ Oh I swear to you, I'll be there for you, this is not a drive by-y-y-y! ♪

...and those who left us along the way:

Ricky Carroll

Courtney Ethier

David London

Though many of us had our hands on so many different pages, this is where we spent most of our time...

ANDREW: non-digital bookkeeper, year in review, underclassmen, clubs and activities. ALEX: senior section, sports awards, all school collage, Stafford. GREG: digital bookkeeper, Irene flooding, JUSTIN: ad section, year in review. KENDRA: photo copying, divider pages, young collage, underclassmen, dedication, faculty, winter carnival, fun pages. KRISTEN: underclassmen, winter carnival, table of contents, foreign exchange student, dedication, prophecies, clubs and activities. MIKAYLA: senior superlatives, underclassmen, sports section, year in review. RICKY: cover, sports section, Stafford. COURTNEY: parent messages. DAVID: sports section, underclassmen.

Ad Day Lunch at Ramunto's  
such a good tradition!

Thank you Mr. Bouchard for donating your time to photograph the extra things we love having in our yearbook like our all school photo and winter carnival. Thanks too to all of you who may have contributed photos or photographed events on our behalf.

A special thank you to all of the businesses and organizations that supported us this year. When Irene hit the state of VT at the beginning of the school year, there were so many financial needs greater than our own need to fund a yearbook. We almost felt guilty asking, in fact we postponed our ad sales campaign a month to let people begin to recuperate. Businesses were generous and amazingly enough we had the BEST ad year we've ever seen! Thank you for choosing to supporting our yearbook because we wouldn't be able to have one without it!
